A SUCCESSFUL PRODUCTION.

"A Dangerous Friend," which will be presented at the Opera-house, Maysville, Ky., Thursday, November 14th, does not belong to the out-of-date commonplace melodramas. Fred G. Conrad, the author, has written an entirely original up-to-date play that contains all the elements of a successful production. The scenes are laid in California and New York and are lifelike in every detail. The characters are all distinctly drawn and represent various types to be found in everyday life. Seats now on sale.

The foreign-born Bohemians in the United States in 1906 are estimated to have numbered 517,300, of which 40,000 are in New York, 48,000 in Texas and the remainder scattered throughout the West and Southwest. One-half are in the large cities.

The biggest tomato patch in the United States, if not in the world, is in Clark county, Missouri, just South of the Des Moines River. In this patch there are 170 acres of tomatoes and it is exactly a mile in length and about one third of a mile in width. The rows, if stretched out in a straight line, would extend for almost one hundred miles.

MURDER OR SUICIDE?

**Mysterious Disappearance of
W. H. Curtis of Mt. Olivet in
This City Unexplained**

**Evidences of Early Morning
Suicide in River**

W. H. Curtis of Mt. Olivet, brought to this city yesterday three hogheads of tobacco belonging to Aris Throckmorton, of the above place, which he delivered at the wharfboat and received a receipt for same from Captain C. M. Phister.

After discharging his load of tobacco at the river he drove to the livery stable of George Pollitt in East Third street, and had his horses cared for during the night, intending to start on his return trip home at 4 o'clock this morning.

Curtis ate his breakfast at Mulligan's restaurant at a quarter past 5 o'clock, since which time he hasn't been seen since. His wagon, loaded for his return trip home stands in the street at Pollitt's stable mute evidence of the sad affair.

He then repaired to the Throckmorton Hotel in Front street, where he secured lodging for the night.

He left the Hotel this morning about 4

o'clock, since then his whereabouts are unknown, although a vigorous search has been made by the Police to locate him.

It is possible that the man has committed suicide, as his hat was found this morning by Captain Phister on the outer guard of the wharfboat, and it was placed in a manner that indicated it had been left there purposely by the owner. The hat contained a pass book, receipts and other articles, and the whole weighted down with a big rock to hold it in place.

Mr. Pollitt informs THE LEDGER that Curtis had considerable silver money in his possession and foul play may have something to do with his sudden and mysterious disappearance. His hat could have been placed where it was found by others than himself.

Curtis is about 60 years old, married and has a family at Mt. Olivet.

A big revival is in progress at the Carlisle Christian Church in charge of Rev. I. J. Cahill, of Dayton, Ohio.

Mason County Court.

In the County Court the following exonerations were recorded yesterday. Pat K. O'Rourke, 34½ acres of land, valued at \$1,460; error of Assessor. Mary T. Stevens, three lots in Dieterich Precinct, assessment reduced to \$250. R. A. Cochran estate, one lot valued \$1,600, same being an error of Assessor.

Joseph McNutt qualified as Administrator of William McNutt, deceased, with Samuel McNutt and R. K. Robinson sureties on bond.

All our friends who like ultra style and extra quality should examine our showing of "Wooltex" Coats.

The world do move and now Kentucky moves with it.

The spoils of office are the offices. But they don't spoil a good man.

Mr. TAFT also seems to have a pull in the Philippines, at least with the school children.

It is hardly necessary to announce that the approaching session of the Kentucky Legislature is going to be one of the most interesting, and even remarkable in the history of the state.

Has any one remembered to congratulate JIM HARGIS on pulling off all his Sandy Hook "acquittals" before his great and good friend, Governor BECKHAM, joined the "Down-and-Out Club!"—Lexington Leader.

JOHN WESLEY GAINES, the long-haired and picturesque gentleman who poses as a "statesman" from Tennessee in the lower House of Congress and delivers amusing talks and bombastic philippics to the galleries, is going to have opposition for re-election. JOHN WESLEY can talk more and say less than any other spouter in the country—except BILLY BRYAN. We sometimes wonder and would just like to know how much the superfluous talk of JOHN WESLEY GAINES and the late Senator JOHN T. MORGAN, has cost the United States. Mr. MORGAN was a brilliant Southern statesman, but his volubility and the delay which ensued, have caused the country the loss of millions.

It is said that the chances are good for Louisville landing the next Democratic National Convention.

Mr. POWELL B. OWENS, of Fernleaf, one of the substantial and intelligent farmers of Mason county, was in Maysville Monday and called at The Ledger office to assure us that he fully indorsed the article in Monday's LEDGER appealing for a suppression of the mob spirit in the demand of many radical farmers throughout Kentucky who wish to prevent any person from growing a crop of tobacco next year. If tobacco, why not also corn, potatoes, cabbage and everything? Why this dangerous spirit of anarchy has spread its poisonous influence over Kentucky, passeth the understanding. What do the creeds of the Churches teach if they do not teach the doctrine of toleration? What would result if there was not a crop of tobacco raised next year would be too appalling for serious contemplation, considering that every farmer raises a mighty howl if the rains and the warm sunshine do not promptly come in the spring-time just when he wants them. This senseless warfare is not alone against their fellow-man, but also against nature. The man who goes up against nature has about half the chance to win that a billy goat has when he tries to butt a mogul engine off the track when it's going sixty miles an hour.

Cleveland Leader.
"Miss Jimpson," said Mr. Stayer in trembling tones, "will you marry me? Dare I hope?"
"Mr. Stayer," answered the young lady in a matter of fact way, "do you suppose I'd have let you keep coming around here three times a week and boring me half to death as you have for the last three months if I hadn't intended to marry you?"

We Sell Vinol

The large tobacco barn of T. T. Vallandigham, one-half mile South of Owenton, was burned, along with 11,000 pounds of tobacco on the stick and 15 hogsheads packed and ready to ship. Loss, \$2,500; insured.

Thesecond annual convention of the Presbyterian Brotherhood of America convened at Music Hall, Cincinnati, last night. 1,500 delegates are expected at the Sinton Hotel, where the headquarters are. Hon. John W. Foster, ex-Secretary of State, delivered an address on "The Layman and Foreign Missions."

A gigantic anti-Taft cabal to boost Roosevelt for a third term and thus kill off Judge Taft's Presidential boom has been unearthed. The selection of a Roosevelt delegation from Tennessee is the first step in the plot. The scheme is said to be deep laid by a big political syndicate with a large fund behind it and managed by scores of the wealthiest and most astute politicians in the country. The President is expected to speak soon and silence the matter.

THE POWERS TRIAL

Second Day of the Fourth Trial of Noted Prisoner Marks New Step

At the second day's trial of Caleb Powers at Georgetown, the counsel for the prisoner introduced the pardon given Powers by Governor Taylor, but Judge Morris refused to recognize the document and overruled motion of defendant's attorneys.

The defense, however, scored a point in securing permission to make avowal of the pardon, thus getting that document in the records over the emphatic objection of the prosecution, which was allowed to give exceptions.

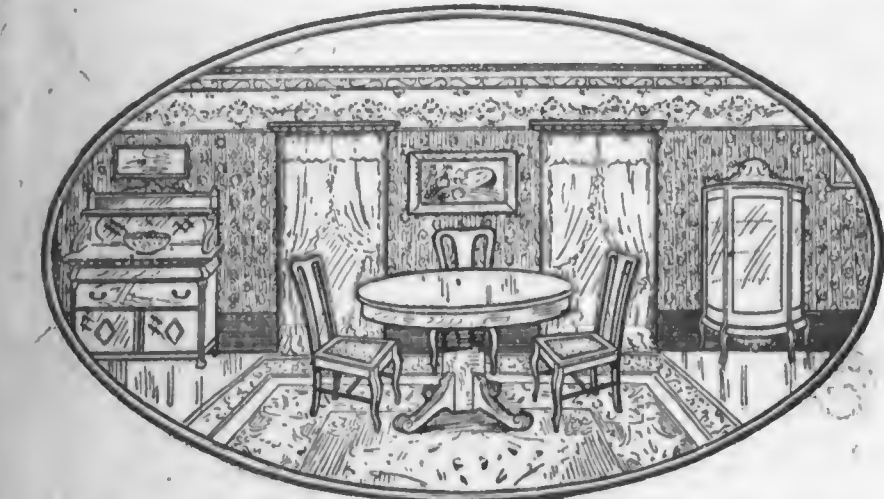

Miss Little Fox is in Lexington for a visit with Mrs. Reed, widow of Colonel John Reed, a friend and former neighbor at Lexington, Mo. Mrs. Reed is of the prominent and wealthy Hunt family of Lexington, daughter of John W. Hunt, the well-known banker of years ago. She is first cousin of General John H. Morgan and now owns and resides at the beautiful old Morgan home, where the gallant General was born. The husband of Mrs. Reed was a native of Washington, where he lived many years before going to Lexington, Mo., and was the son of Judge Walker Reed, both of whom are well remembered by our informant, whose uncle married Miss Elizabeth, daughter of Judge Reed, while John James Key married the other daughter, both beautiful and intelligent women.—Tuesday's Bulletin.

Miss Little T. Fox has never been to Lexington in her life and is still at the home of her aunt, Mrs. Hannah C. Curran in this city. However, the Bulletin is correct in its statement otherwise, as Mrs. Kate G. Reed is a wealthy and cultivated lady whom Miss Fox knew in Missouri and California and a warm friendship has developed between them. Miss Little will leave today on the 1:15 L. and N. train for Lexington for an indefinite visit to Mrs. Reed. Miss Fox was in the San Francisco earthquake and fire and lost all her personal effects in that catastrophe. Her description of the holocaust is quite interesting.

IN THE CHARACTER OF THE

Men's, Young Men's and Boys' CLOTHING

This store fulfills the highest possible mission of a modern retail establishment, in fact, our ambition is not so much to have the biggest business as it is to have the best business in the city. If bigness comes, as it often does from a policy of creating a new standard of quality, then we accept bigness as the result of our efforts rather than the object of them. If you want distinction in your clothes, a style and pattern that will separate you from ordinary dressers, appearance that gives an air of refinement, there is but one store to visit.

OUR CLOTHING IS SHOES NO BETTER than our

For we are the leaders in both lines. The Crossette, the Stetson, the M. & K., the three best Shoes made. Prices range FROM \$3 to \$6.

PHYSICIANS

Can't Compel Them to Attend Court When Subpoenaed as Witness

A decision that will be of special interest to physicians was Monday handed down by the Court of Appeals of Kentucky. The Court holds that a physician can not be compelled to attend court when subpoenaed as a witness. If his testimony is desired, it must be taken by deposition. In the same case the upper Court holds that a landlord is not liable to his tenant for any injury growing out of defective premises unless he knew at the time the contract of rental was made that they were defective.

D. M. Perry, Sr., head of the big seed house, is dead at Detroit of heart trouble.

Rev. Dr. Edmond Muller, Pastor of the First Presbyterian Church at Lexington and a former tutor of Rev. W. W. Akers of this city, delivered an interesting lecture Monday evening to the "Men's Club" at the Central Presbyterian Church. Dr. Muller's talk was particularly highly spoken of as a classic effort, and in it he paid a beautiful tribute to woman, her usefulness, her influence and her Church work. He was the guest of J. James Wood, while in Mayville, returning to Lexington over the 1:15 p. m. train.

WORKS' WONDERS

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Mayville testimony proves it.

Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Mayville, Ky., says:

"I gave a statement about Doan's Ointment which was published in our Mayville papers. I said that I had received most decided benefit from the use of this remedy. For a long time I had an itching or eczema of the scalp. It broke out in spots and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend also had eczema and tried everything for it
